Home / Activities / Food Supply

## FOOD SUPPLY

As one of the largest food rations providers worldwide, our company is currently supporting some 50,000 national and multinational Peacekeepers every day in the most difficult and logistically challenging areas of the word. This equates to supplying more than 54 million meals per year.

ES-KO has over 300 certified suppliers, all having passed ES-KO's Quality Assurance (QA) Suppliers Assessment Program. Due to ES-KO's strong buying power and extensive distribution network, ES-KO can provide a high level of service at competitive prices.

### + Procurement

**Procurement** is a critical and central part of our supply chain. From our global headquarters in Monaco, our (Procurement) team manages the sourcing of goods and services to customers around the world. ES-KO evaluates its suppliers constantly and implements the highest compliance and quality standards so that the products and facilities we provide meet and exceed client requirements. Additionally, thanks to the direct contact with suppliers and high-volume bulk purchases, we are able to offer very competitive prices.

Our network of suppliers is composed of both international and local companies, which we are prepared and able to support, as well as develop new vendors to meet changing requirements.

Our Food Procurement areas include all Food Items and categories: **ambient, chilled and frozen**  
To offer a complete set of services, we can also take care of time consuming operations, saving our Clients the hassle/time needed to organize:

- Port Clearance
- Transportation to Operational / Local Warehouses

### + Warehousing

### + In-country distribution

### + Other activities

Our experts selecting the fruits

"ES-KO Team achievements are a source of pride and inspiration, and their willingness to go above and beyond is admirable. It is great that there are people who we can count on to go the extra mile in the work we do."

Omar Jarrar, Regional Contract Manager

## Case study

### Hearthwake in Haiti - January 2010

In Haiti ES-KO - as the supplier of food/rations to the several thousand UN troops - had to quickly react to the disaster caused by the January 2010 earthquake. The Port was destroyed and therefore the normal access route to the Capital was cut-off. ES-KO's response was first of all to redirect our containers into the Dominican Republic and then organized transshipment into Port-au-Prince. We kept our client closely informed of the situation and our plans to solve the emergency.

Innovative & efficient solutions to meet the strictest requirements

Home / Activities / Construction

## CONSTRUCTION

ES-KO's Construction Sector assesses the site conditions and logistics, designs the camps and infra-structures, procures, ships and erects the facilities and equipment.

ES-KO provides worldwide capability in all aspects of site maintenance and operations. From planning, building, operating and maintaining facilities, to complete logistics and personnel accommodation and sustainment, we are proud of delivering adaptable, self-sufficient solutions that can be quickly deployed, integrated and shipped anywhere, in a short gap of time.

### + Concept, design and building

ES-KO's Construction department assesses the site conditions and applicable logistic solutions, designs the facilities and infrastructures, procures, ships and erects the facilities and equipment. We can rapidly provide prefabricated buildings of any type, from traditional Panel Systems to containerized units (flat-pack or fully assembled) + wood structures to construct virtually any type of construction. Our experience ranges from the design and erection of staff accommodation blocks, office complexes, kitchens and dining facilities, laundries, ablutions units, to recreation complexes and hotels, warehouses, workshops and medical centres. If required, we can also design and build facilities using traditional systems, by the use of pre-selected local subcontractors. ES-KO specializes in providing complete turnkey services that not only support and maintain the mission, but fulfil the crucial tasks of site and supply chain management, operations and maintenance, communications and security.

- In addition to the design and building, we offer:
- Prefabricated building facilities
  - Camp infrastructure (electricity, water, road networks)
  - Supervision to erection
  - Project and risk management
  - Lease of prefabricated units
  - Facilities maintenance
  - Force protection and fencing
  - Video surveillance, security systems and communications systems
  - Landscaping

## Case study

### Hotel in Senegal - 2012

In 2012 ES-KO has been contacted by a international Hotel Chain interested in developing a product or solution able to maintain the high standards offered to each guest by the 4 Star existing Hotel facilities – drastically reducing the construction times usually needed for traditional buildings. ES-KO suggested its new Timber solution and achieved the result to deliver a finished product within 3 months, as requested by the Client. The turnkey extension – covering over 1000m2 and inclusive of

## SITE SERVICES

Catering is ES-KO's original core business. With 50 years' experience, we continue to provide an exceptional service to our clients.

By employing qualified professionals, we offer a quality and value-for-money range of services in numerous challenging and remote locations worldwide. A high standard of customer service is central to all our business operations. Supported by our extensive "Supply Chain and Quality Management System", ES-KO now provides much more than just catering; we can offer a complete range of Life Support Services.

### + Catering

### + Facility Management

Supported by our extensive "Supply Chain and Quality Management System", ES-KO now offers a complete range of Life Support Services:

- Food Services
- Housekeeping
- Laundry
- Facilities management
- Facilities and infrastructure maintenance
- Vector/Pest control
- Waste management
- Fuels systems management
- Water purification
- Fire fighting services

### + Telecommunications / Internet

## RETAIL

ES-KO Retail provides international PX/Duty-Free facilities and management to multinational customers, including civilian and military contingents and international organizations, anywhere in the world.

ES-KO currently runs twenty-five PX branded “the Blue” and supermarket operations in Afghanistan, Liberia, Darfur, Côte d’Ivoire and Haiti. We deliver an assorted range of products at competitive prices by using our wide experience of clients’ tastes and using our substantial purchasing power to drive down suppliers’ prices.

### + PX and Duty Free Shops

### + Leisure and Food Services

ES-KO offers a wide range of food & beverages service facilities:

- Internet cafés
- Bars
- Cafeterias and Restaurants
- Pizzerias
- Food-to-go

L’Azzurro is ES-KO’s brand for cafeterias, bars, pizzerias and restaurants. ES-KO Retail invites its customers to connect l’Azzurro with a quality product, served by friendly staff in a relaxing environment, whether they want to pop in for a quick coffee or a meal after work, to enjoy the relaxed ambiance. As with most countries ES-KO operates in, ES-KO’s leisure and food outlets are providing an important service to personnel serving in a hostile environment.

PX market in Haiti

“ES-KO’s value and performance in the PX activity and their personnel is recognised in all the different locations where Retail activity is being developed”

Pedro Badanelli, Retail

## Case study

### Retail/PX contract in Haiti - Since May 2007

Since May 2007 ES-KO has operated the Retail/PX contract with United Nations Stabilization Mission in Haiti (MINUSTAH). On 12th January 2010 a 7.0 magnitude earthquake hit the island of Haiti and caused major damage to the area of Port-au-Prince, including damages to ES-KO’s warehousing facilities, its shop and stock. We cleared the damage and rapidly resumed operations.

# MARKETS

From the very beginning, ES-KO supplied government, defence organizations, NGOs and major global companies with quality services, a professional organization and a friendly approach.

We offer customized services to a wide range of organizations, including:

## Peacekeeping missions & Defense

We work for international organizations engaged in Peacekeeping missions and food relief missions all over the world, and also for multi-national forces engaged in military operations.

## Government

We are proud of our broad experience partnering with international organizations and governments to accomplish challenging projects in remote locations worldwide.

## Oil & Gas / Energy

Oil and gas, Mining and Energy industries, operating in the fields of major projects, oil exploration, extraction and production bases.

## Hotels & Resorts

We design/concept and build infrastructure for hotels. We offer turn-key solutions for the foundation of resorts all over the world.

## Humanitarian / NGO

Governmental and non-governmental organizations (NGOs) specialized in emergency aid relief and humanitarian aid.
