FAMILY TRADITION

It all started with Maria Grazia’s great grand-father, Ercole Tadini, creating elegance since 1880 founder of «I Grandi Magazzini Italiani Ercole Tadini».

In the thirties, I Grandi Magazzini were the ultimate reference for excellent tailoring and the finest quality of wool, fabrics, and over-coats.

Tradition, where superior quality came from experience and know-how and Italian style would later be celebrated with the ‘Made in Italy’ label.

Taking pride in Ercole Tadini’s legacy, Maria Grazia decided to turn her passion for beautiful shoes and handbags into her business goal. Today, Tadini Monte Carlo maintains the highest quality materials, with a special attention to detail, a focus on elegance, classy chic, impeccable taste and a twist of innovation and fun.

THE ART OF HANDCRAFT MADE IN ITALY

Tadini Monte-Carlo’s artcrafts are located in Tuscany and Marche regions, wich have the best traditions of Italian shoemaking refined into footwear of premium quality.

That is why Tadini Monte-Carlo combine the glamour style and design inspired by Monaco lifestyle to the best Italian hand-crafted knowledge of shoes. The result is a fusion of pure finesse and elegance.

AN INTERNATIONAL SOLIDARITY ASSOCIATION DEDICATED TO CHILDHOOD IN DISPAIR

Our goal is to create or strengthen the local school systems in order to make the schooling of children in difficult regions of the world effective. Education is a step towards peace and development. This action is part of the help required to fulfil the article #28 of the convention relative to the Child's Rights promulgated by the United Nations.

Three poles of intervention

- Actions for development by reinforcing local structures in the sanitarian, educational, economical and social fields. Carrying out by our teams of programs aiming to stabilize families.
- Emergency actions, depending on the association's possibilities.
- Taking part in common actions with other organizations.
- Testimony actions with publication of books and reports.
